The Reported Ambuscade of Spanish Soldiers by Garcia.

New York, July 23.—(Special.)—A Washington special to the Times says:

Watson's squadron will not sail, if Spain will ask her friends to help stop the war. There are reasons for believing the fleet will be broken up within a fortnight.

A special to the Herald says:

It is reported that Garcia's army fought an engagement with Spanish soldiers bound for Santiago to surrender. Such action if true is foreign to the usages of civilized warfare and would put the insurgents beyond the pale of recognition.

The crews of the Spanish vessels escaped to the shore. No attempt was made to capture them. No Americans were injured. The Spanish fatalities are believed to have been large.

Gen. Gordon Presents Jeff Davis' Daughter at Atlanta.

Charleston Beats Louisville for Next Place of Meeting a Year From Now.

Atlanta, Ga., July 23.—The next annual reunion of the United Confederate Veterans will be held in Charleston, S. C.

By a vote of 1,054 to 870 the convention to-day decided the contest between the South Carolina city and Louisville in the former's favor.

The entry of Miss Winnie Davis was the signal of a remarkable demonstration. Miss Davis was escorted to the front of the stage by Gen. Gordon, who introduced her as "the child of our immortal chief-tain and our own child."

He said in the name of the organization he would grasp her hand.

"Kiss her, General," shouted one old veteran.

"I have already done that," replied Gen. Gordon.

Miss Davis smilingly bowed her acknowledgments to her admirers.

The report of the Committee on Resolutions recommended that the dates for the reunion be in future fixed between the 15th of October and the 1st of May.

This evoked considerable opposition from its first reading, and it was decided to leave the time for the reunion as has been in the past.

By unanimous vote it was decided to condemn the expression "war of rebellion" being applied to the struggle of 1861-65, and to urge the designation of it as the "civil war between the States." This was unanimously adopted.
